

Think Teeth

Keep up good dental habits at every age.

You can help your child prevent cavities! Here's how:

- Get regular dental check-ups, starting at age 1. Ask about dental sealants that prevent tooth decay.
- Brush twice a day for 2 minutes using fluoride toothpaste.
- Limit foods and drinks with sugar.

Your child could be eligible for dental care through Medicaid and CHIP. Services include teeth cleanings, check-ups, x-rays, fluoride, dental sealants and fillings.

To enroll your child, call **1-877-KIDS-NOW (543-7669)** or visit **InsureKidsNow.gov**. To find a dentist, use the Dentist Locator on **InsureKidsNow.gov**.
