Analgesia (nitrous oxide)	Yes		Only a benefit in conjunction with payable associated procedures.	

\* When this information is posted on the Insure Kids Now website, we will include a special note for orthodontic services explaining that parents and caretakers should work with their child's orthodontist to ensure that the treatment and payment terms and conditions are clear at the outset of treatment (for example, what happens in the case of a child who becomes ineligible for Medicaid or CHIP while he or she is undergoing orthodontic treatment?).
